2 x 2 Metre Wide Tension Banner Double Sided

Trim Area

This will be where the print is cut to, so represents the edges of the artwork, anything outside of this line will be lost.

Safe Area

We reccomend a safe area of 40mm on each side, keep this area free of text and important information so it wont get lost in the edges and will look clean and aesthetically pleasing. If you are using an all over background colour or image / pattern this can continue to the trim area.

Saving PDF

Save your PDF as high resolution (300dpi) and print ready, make sure all fonts and images are embedded and the output is set to CMYK, if using illustrator, use default settings.

REMEMBER TO HIDE THIS LAYERWHEN SUBMITTING FOR PRINT
