

# Pop-up Counter

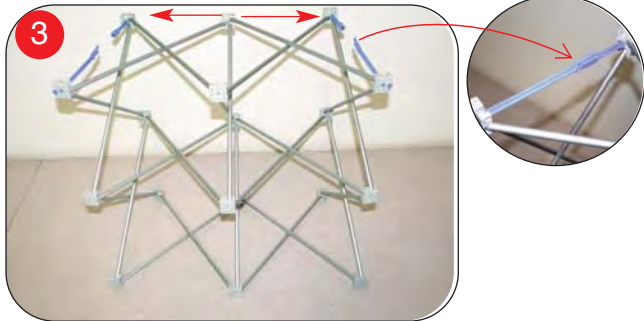

## User Guide

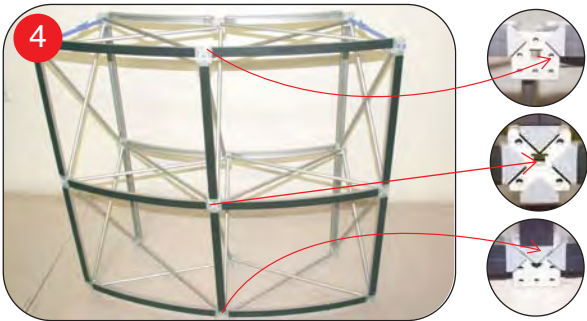

1. Components.

2. Stand frame as shown.

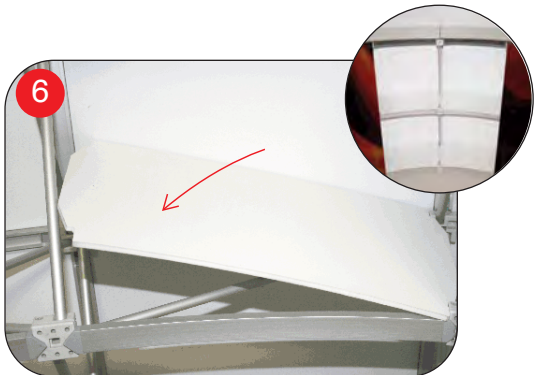

3. Extend frame and secure two locking bars.

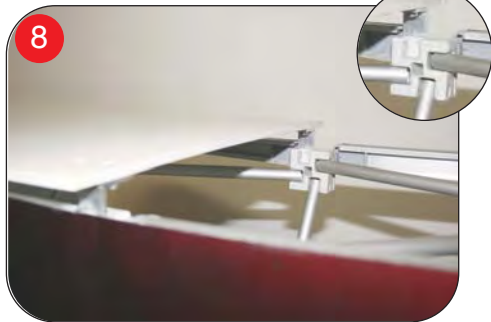

4. Attach magbars to both sides of frame. Note: all magbars attach to middle hole of hub, both horizontal and vertical.

5. Attach 1-piece graphic panel all around.

6. Insert internal shelves.

7-8. Install counter tops, inserting hubs securely into routed locations.

9. Your Counter is now ready for display.

Tops are now "beech".
