Large Outdoor Banner Frame Template 2840mm x 1090mm

The outer edge of the Eyelets will sit at approxamatley 37mm so we reccomend an area of 45mm as a "safe area" for text or important information and imagery to be palced. Beyond this extend / continue your design to the edge of the trim area.

Save your PDF as high resolution (300dpi) and print ready, make sure all fonts and images are embedded and the output is set to CMYK, if using illustrator, use default settings.

This will be where the print is cut to, so represents the edges of the artwork, anything outside of this line will be lost.

	Safe	Area
